## iPad Protection Plan Agreement

Salem Community High School has purchased insurance to cover the iPad your student will receive. However, this also means that each student/parent will be responsible for paying the deductible for this insurance, if a claim is justified. The amount of the deductible for student insurance is **\$100.00**. This insurance only covers damage such as intentional breakage, lack of supervision of the device and anything else not fixable.

For your student to take the iPad home you must agree to pay this deductible and understand that you are accepting full responsibility for the cost of repairing or replacing the iPad in the event of damage or theft.

If you choose to not sign this waiver, your student will not be allowed to take their device home.

## Wildcat 1:1 Student iPad Use Agreement

This Student Computer Use Agreement (“Agreement”) is made effective as of the date on the iPad signature page between Salem Community High School #600 (“School”), and its student named on the signature page (“Student”), and states the agreement of the parties as follows.

**Equipment Subject to Agreement:** The Equipment subject to this Agreement (“Equipment”) includes the iPad, iPad accessories, storage case, and related software.

**Ownership:** The School shall be deemed to have retained title to the Equipment at all times, unless the School transfers the title. As owners of the Equipment, the School may search the Equipment with or without the Student’s permission. The Students shall hold no security or ownership interest in the Equipment. Likewise, the Student shall hold no security or ownership interest neither in the licenses to the installed software included with the Equipment nor in the licenses to any other software that the School may from time to time install on the iPad used by the Student.

**Term Equipment Use:** The Student shall return the Equipment in good operating condition to the Technology Department of the School if the Student is not enrolled in the current school year (unless the School transfers the title). The School may require the Student to return the Equipment at any time and for any reason.

**Equipment Storage and Use at School:** The Equipment must be on the School’s premises during each of the Student’s normal school days and must be fully charged. If the Student forgets to bring his/her iPad or power charger to school, a substitute will not be provided. The Student must appropriately transport the iPad in a padded sleeve. During the School’s normal business hours or after school, when the Student is not in the immediate presence of the Equipment, the Equipment must be secured in a locked classroom, office, or locker. The Student must keep the iPad in a secure location when it is not *at school*.

**Use of Equipment:** The primary use of the Equipment by the Student is for the Student’s educational programs. The Student may use the Equipment for other purposes only to the extent that such uses do not interfere with these primary uses. The Student shall abide by the School’s Acceptable Use Policy.

**Compliance with Software Licenses:** The student shall not make copies of software licensed to the school.

**Backup Requirements:** The Student may store documents or other files on the Equipment, and the Student is responsible for making backup copies of such documents or other files. In the event of loss of such documents or other files, the School’s responsibility is limited to reloading the School’s standard software suite on the Equipment.

**Care of Equipment:** The Equipment may only be used in a careful and proper manner. The Student shall keep the Equipment in good operating condition allowing for reasonable wear and tear. The Student shall immediately notify the Technology Department if the Equipment is not in good operating condition or is in need of repair. The School maintains a service contract covering the Equipment. The Student shall be financially responsible for repairs due to negligence.

**Right of Inspection:** The Student shall make the Equipment available to the School’s Technology Department as necessary for purpose of inspection, maintenance, repair, upgrading, and/or software installation/removal during the School’s normal business hours.

All Equipment provided by and/or obtained through the School are the property of the School. As such, the School retains the right to take possession of said Equipment at any time deemed necessary to complete any and all needed inspections and repairs.

**Loss:** The Student assumes all risks of loss of the Equipment and agrees to return it to the School in the condition received from the School, with exception of normal wear and tear.

**Warranty:** The School makes no warranty, expressed or implied, as to the Equipment subject to this Agreement. The Student assumes the responsibility for the condition of the Equipment.

**Indemnity of School for Loss or Damage:** If the Equipment is damaged due to negligence or loss, the School shall have the option of requiring the Student to repair the Equipment to a state of good working order or to reimburse the School for the replacement cost of said Equipment.

**Equipment Warranty and Insurance:** The Equipment is insured for theft and some accidental damages with the School's property insurance carrier under the specific guidelines of those policies. The Student must notify the School immediately if any claims need to be made in those instances. Students are required to keep Equipment in the provided cases at all times as part of the legal agreement between insurance carrier and the School.

Any attempt by the Student to repair Equipment on their own will void warranty and insurance coverage. This shall result in the Student being responsible for any and all charges related to the repair or replacement of the Equipment.

Damage to Equipment due to gross negligence or willful misconduct are not covered by warranty or insurance. The Student will be held responsible for all charges related to the repair or replacement of the Equipment.

Any theft or accidental damage to the iPad must be reported immediately to the Technology Department. Failure to do so may result in the denial of the claim with the insurance company and the Student will then be responsible for any and all costs for repairing or replacing the Equipment. Accidental damage includes, but is not limited to the following: iPad frame, cracked or blemished screens, spill damage, damage caused by drops or falls, and fire damage. Repair claims submitted for accidental damage carry a \$100.00 deductible. This deductible shall be the responsibility of the Student.

**Entire Agreement and Modification:** This Agreement constitutes the entire agreement between the parties. No modification or amendment of this Agreement shall be effective unless in writing and signed by both parties. This Agreement replaces any and all prior iPad use agreements between both parties.

**Governing Law:** This Agreement shall be construed in accordance with the laws of the State of Illinois.

**Severability:** If any portion of this Agreement shall be held to be invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable. If a court finds that any provision of this Agreement is invalid or unenforceable, but that by limiting such provisions, it would become valid and enforceable, then such provisions shall be deemed to be written, construed, and enforced as so limited.

**Waiver:** The failure of either party to enforce any provision of this Agreement shall not be construed as a waiver or limitation of that party's right to be subsequently enforce and compel strict compliance with every provision of this Agreement.
